

Smart Whiteboards

INNOVATIVE. REPRESENTATIVE. INTERACTIVE.

Welcome to your meeting 3.0! With our interactive whiteboards, every presentation is a success. Benefit from a digital allround talent which unfolds synergies and helps you achieve your goals in a heartbeat. Share documents in real time ? Present a project via touch screen? Participate in a video conference?

No problem! Our Smart Whiteboards can do all that – and so much more:

- ✓ 75 inch touch screen (4K Ultra-HD resolution)
- ✓ all-in-one-tool with web browser functionality for the creation of annotations in documents
- ✓ integrated loudspeakers, one microphone and one camera
- ✓ fully integrated with RICOH video conferencing systems: UCS and UCS Advanced as well as Skype™ for Business
- ✓ user friendly, two controller settings available: original RICOH controller option and open controller option
